Dear Jenny,

We had a good time starting from Zurich Airport to Singapore and then to Kuala Lumpur with nice seats in the airplane, lunch was served with nice food, with surprise of a big piece of honeymoon cake, we have not finished cake and had to share with others. It was a nice souvenir from Singapore Airlines.

Our stay in Kuala Lumpur was very nice with big room and "honeymoon-compliments". We enjoyed so much.

In Penang we didn't like the rush, but we have seen many places – we should have more time at Feringgi beach to lay back and relax.

Singapore was nice, my girl friend brought us to the Night Safari. Because it was raining we couldn't see so many things, but it was fine.

We have been to Sentosa Island, took the cablecar through the island to see the scenery. My girl friend got free ticket for circus "Voyage de la vie", we had a good place to watch and we really enjoyed it.

We just want to say thank you so much. I have to go again to Asia next year. . . . k with another program. . we will see ...
